WELCOME

WHAT IS HEALTH & HEALTHY LIFESTYLE?

- **HEALTH**- According to WHO health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.
- **PHYSICAL**
- **MENTAL**
- **SOCIAL**
- **Healthy Lifestyle**- A lifestyle that keeps you fit, energetic, and reduces the risk for chronic. Healthy living is the way of living that helps you enjoy more quality of your life.

Topic > Healthy Lifestyle through Ayurved...
